

Winter Newsletter

Thank you to all of our generous event sponsors this year, who help make our work possible all year round:

Changing Lives Gala Success!

New Beginnings hosted our 5th annual Changing Lives Gala on Thursday, October 12th.

The night began with a musical performance from A la Carte, with a special appearance by Mayor Helene Schneider. Our speakers and presenters for the evening included the Vice Chair of LAHSA Hon. Wendy Greuel, New Beginnings Executive Director, and Team Leader Andrea Cabanas from C3H. Our honorees Glenn and Amy Bacheller were celebrated with presentations from John Robbins, bestselling author of *The Food Revolution*, and Seth Streeter, Co-Founder and CEO of Mission Wealth.

Glenn and Amy Bacheller came to the agency at a key time in the evolution of our agency, helping us gain momentum and support. Glenn Chairs the Homeless Affinity Service group for the Santa Barbara Chapter of Social Venture Partners (SVP), a world-wide He has been involved with

New Beginnings for six years, helping to turn the agency around financially and increase our capacity to serve. Glenn and Amy both help with community and homeless outreach for the agency, helping to inform others about New Beginnings mental health and housing service programs.

Hon. Wendy Greuel gave a keynote speech on the homelessness situation in Los Angeles. She discussed the current and future solutions that the city and county are planning to implement, including a discussion of the Safe Parking program the city is implementing, based off of our Safe Parking program here in Santa Barbara. Mayor Schneider was our emcee for the evening, guiding the evening's proceedings. This year a few key sponsors made it possible to bring in some of our volunteers who provide training for our counseling interns or donate lots to the Safe Parking Program. We were so pleased to have our allies and supporters in the room to celebrate together.

Message from Executive Director, Kristine Schwarz

Dear Friends of New Beginnings,

We have many new faces and new initiatives this year at New Beginnings, and the process has reminded us how important it is to have support through transition. Our clients are often transitioning through housing, relationships, jobs, and loss, without sufficient support. We are committed to being here for them, and your assistance makes it all possible. We at New Beginnings consider ourselves very fortunate to be a part of this collaborative and positive community and for the unwavering support of our donors. Please enjoy our fall newsletter updates and come join us at our fall Gala on October 12th.

-In solidarity, Kristine Schwarz

Lifeskills Program Receives Grant

The Lifeskills program from New Beginnings Counseling Center was recently the recipient of a \$2500 Grant in Community Assistance Funds from the Junior League of Santa Barbara to support our expectant and young mothers group. This group is facilitated at the Villa Majella home, while also providing individual therapy for some of the women. Villa Majella of Santa Barbara allows pregnant women to carry their babies to term. Villa Majella provides a residence for many women who are homeless, or

face unsafe situations in their current home. Often times these women have faced a variety of difficulties that may have left them without a home, a job, or other vital resources. Through the Life Skills program, New Beginnings helps by providing access to both a therapeutic and psychoeducational group in order to help these women identify and strengthen internal resources as they go through their pregnancies and prepare to take care of their newborn children. Though each woman at this house presents a unique case, it is not uncommon that these women have struggled with their inner dialogue (or self-talk) and situations that support co-dependency. The course helps them to realize that they can have access to more choices with their increased awareness, thus leading to a renewed sense of empowerment. These insights and tools are things that the women can carry

with them for the rest of their life, and subsequently model and teach to their children. Additionally, this increased sense of empowerment will likely lead to more confident parenting, and the self-confidence to seek job opportunities and housing opportunities while fostering healthier relationships.

It is important to note that through this program, which is also generously funded through the Wood-Claeysens Foundation, New Beginnings brings therapists on-site to places such as Villa Majella to provide these groups. This enables more access to those who are in need of therapeutic services who may not be able to receive it otherwise. Furthermore, we are able to strengthen the community ties between organizations that seek to provide essential services and care for those who are the most vulnerable in the Santa Barbara community.

Need Headline

We launched a new advertising campaign soliciting landlords for our housing programs, with an ad in the independent over Memorial Day weekend and a coordinating new page on our website. Now you can more easily tell your friends who rent out property about the possibility of renting through New Beginning's housing programs for guaranteed, market rate rent and ongoing case management for tenants housed through New Beginnings housing programs.

Staff News

Welcome our Program Coordinator and Case Manager, Amitty Kasowski

Hello, my name is Amitty Kasowski and I am the new Program Coordinator and Case Manager of New Beginnings' Supportive Services Contract for the Housing Authority of the City of Santa Barbara. My heart has always been in working directly with vulnerable populations and I feel fortunate to be able to work as a member of the New Beginnings team. I started by volunteering in soup kitchens throughout my high school career, and cared for children in transition homes during my first years in college. I graduated USCB with a BA in Sociology in 2012 and have worked for The Devereux Foundation for the past eight years. I am excited to start a new chapter of my life with New Beginnings and the Housing Authority and look forward to learning so much working alongside everyday heroes, which are daily making a difference in people's lives.

Welcome our New Clinical Director Crystal Ramirez, PhD, LMFT

Please join me in welcoming our new Clinical Director, Crystal Ramirez, PhD, LMFT.

Crystal joins us most recently from the Santa Barbara Department of Behavioral Wellness where she worked as Regional Manager, Team Supervisor and Practitioner during her six years with the county.

She also provided supervision at the Salvation Army and worked as the Assistant Manager of Mountain House at Crescend (formerly Phoenix). As well, she was a lead counselor and Children's Program Clinical Coordinator at Domestic Violence Solutions. Crystal has a B.A. in Sociology and Psychology from UCSB; a Masters in Counseling Psychology from Pacifica; and a doctorate in Depth Psychology with Emphasis in Psychotherapy from Pacifica.

New Beginnings launched three new Public Service Announcements (PSAs) in summer 2017; look for them on your local cable stations and in the movie previews at Metropolitan Theatres! There is a PSA for our counseling clinic, one about our Safe Parking Program™, and one with information for potential landlords. Thank you to Hon. Susan Rose and Allan Ghitterman for being a part of our clinic PSA soliciting support for the program, to the clients and landlords who told their stories about working with New Beginnings, and to Metropolitan Theatres and local stations for running our PSA's!

Our Counseling Center is looking for an additional clinical supervisor to facilitate group supervision. We are seeking someone who is dedicated to helping newer interns and trainees apply their education to their clinical practice. This would be a great fit for a mental health practitioner who has experience working in a nonprofit or institutional setting. If you are interested in volunteering two hours a week with our Counseling Center, please get in touch with our Clinical Director Crystal Ramirez at 805-963-7777 x125 or cramirez@sbnbcc.org

We are also seeking additional volunteer counseling interns, especially those bilingual in English/Spanish. We always have a waiting list for service, and plenty of hours available to count towards licensure.

RIP Tracie

New Beginnings' long-time staff member, Tracie Gunderson passed away on September 6th, 2017. A passionate and dedicated advocate for veterans, Tracie worked for the last four years as an outreach worker and case manager; and finally as the Veteran Services Coordinator for our Supportive Services for Veteran Families Program where she helped to house over 250 veterans.

She was an incredible and unequalled talent in our community, a respected colleague, and a loyal friend to many. She will be dearly missed by all who knew and loved her.

New Beginnings Partners with Airstreams Renewables, Inc.

ARI to Provide Job Training Opportunities for Veterans

ARI is an accredited VA-approved Career Skills Program (CSP) that provides a six-week hands-on training program on the skill sets for a variety of industries, including Telecom, Wind, Gas and Oil, Solar, Railroad, Aircraft Manufacturing, Heavy Equipment and Utilities.

ARI is state licensed and has VA approval to accept the GI Bill in California, Washington, and Kansas. They are accredited by ACCET for post-secondary education. Their job

placement rate is 74-80% and the average hourly starting wage is \$18-\$24 + benefits, OT, and per diem. Average annual salary is \$45K-\$55K. Job applicants should be prepared for physical labor in outdoor conditions. ARI has experienced a consistent demand for skilled workers and expect that to increase even more with the damage from the hurricanes and fires.

The majority of the cost for the 6-week training program is funded by GI Bill benefits. The remainder is subsidized

for New Beginning's Veteran's program participants through funding from New Beginnings.

If you know of a veteran who may be interested in this kind of training, or are interested in supporting this effort, contact Emily Haplin, SSVF Program Coordinator, at (805) 963-7777 x115, or ehalpin@sbnbcc.org

HELP VETERANS HERE AT HOME

Rent out your rental property or donate parking spaces to a pre-screened client in one of NEW BEGINNINGS' HOUSING PROGRAMS.

- GUARANTEED INCOME
- MARKET-RATE RENT
- CASE MANAGEMENT

Our Housing Programs include:

- Supportive Services Program for the Housing Authority of the City of Santa Barbara
- Supportive Services for Veterans and their Families
- Safe Parking Program™

Consider partnering with New Beginnings to fill your next available rental, and help us house veterans, seniors, the disabled, and other vulnerable individuals and families in our community

Safe Parking Program Seeks Property Owners to Share Daytime and Nighttime Parking Lots for the Vehicular Homeless

New Beginnings Counseling Center was able to meet the demand for off-street daytime parking for oversized vehicles affected by the Oversized Vehicle ordinance who participate in our Safe Parking program at night. However, we continue to seek out additional lots for daytime or nighttime. Lots are needed both for daytime and nighttime use, as demand is expected to increase, as 32% of our County's homeless are living out of their vehicles. The Safe Parking program utilizes just a few spots in each lot.

The Safe Parking Program™ currently manages 128 spaces in 24 parking lots throughout the cities of Santa Barbara and Goleta, and the neighboring unincorporated areas of the county, for parking shelters. Each of these lots has entered in to a written agreement with New Beginnings who has indemnified them against any liability. Since the program's inception in 2004, there have been no major incidents or damage to any of the participating lots. Daytime spaces are needed from 7am until 7pm daily, and nighttime spaces are needed from 7 pm to 7 am daily. Slight flexibility in these hours can be accommodated. Staff works with program clients to transition them back into traditional and permanent housing. Lot owners interested in providing spaces to the program are asked to contact New Beginnings at croach@sbnbcc.org. Thank you for your compassion towards these individuals and families.

Welcome New Directors Terence Ford, Adam Liff, and Guy Smith

New Beginnings Counseling Center is honored to announce Terence Ford, Guy Smith, and Adam Liff as new members of its Board of Directors.

Terence Ford brings to the center years of experience in branding and community awareness, as well as experience in working with vulnerable individuals. He has worked with nonprofits, local OIF/OEF veterans, and has experience managing programs under contract for the U.S. Armed Forces. The addition of Terence to the Board of Directors will help New Beginnings expand its ability to help more veterans in our community.

"We are so lucky to have Terence with his demonstrated passion and commitment to the issues facing our US veteran population," said New Beginnings Board President Diane Pannkuk. "He brings an infectious enthusiasm to the board which is incredibly inspiring." Most Recently, Ford has worked to developing a peer-to-peer support program (Fellowship of Brothers) for Gulf War and post 9/11 (OIF/OEF) veterans at the Santa Barbara Veterans Memorial Building.

Adam J. Liff, retired, is a private investor and child advocate. Mr. Liff's extensive business career included scrap metal and textile recycling, steel making, regulated waste disposal, banking, insurance brokerage services, real estate management and family advisory services.

Mr. Liff 's recent board service includes the Board of Trustees of National CASA, currently serving as Treasurer, TNCASA, Nashville Jazz Workshop and Foster Care Review Board #7 of the Juvenile Court of Davidson County, TN. Mr. Liff has served as a CASA advocate since 1999 and until recently as a trained crisis and suicide phone counselor.

Guy Smith - "We are fortunate to have a proven community leader like Guy join our board," stated New Beginnings Board President Diane Pannkuk, "Additionally, Guy brings unique experience in digital relations and media services which add an element to the board previously missing."

Guy Smith is the Executive Director of SynED, a non-profit organization providing professional services to higher education. Prior to that, he was a faculty member and Vice President at Antioch University Santa Barbara.

From 1976 until 2010, he was a faculty and Dean at Santa

Barbara City College, where he was responsible for the administration of the Business Division, the Scheinfeld Center for Entrepreneurship and Innovation, and the School of Media Arts. Smith has been involved with the online information industry since its inception, and for the past 15 years has managed and developed projects under national and state grant funding, which focus on new media production, e-commerce and distribution, mobile media, and the use of game technologies in providing training and education.

Q&A with HACCC's Program Coordinator

We got the chance to catch up with HACCC's Program Coordinator, Hannah Greenberg, and HACCC Bi-Lingual English/Spanish Case Manager, Sebastian Irani.

What was the reason that prompted the startup of this project and what does that project seek to accomplish?

This project was started by the Housing Authority of the City of Santa Barbara to help low-income individuals connect with community partners for health and prevention education and management of medical illnesses. These services are provided with an emphasis on orienting people to their options for seeking care and becoming comfortable with the process so that they are more likely to continue routine use of these services. Many of the clients we are working with are formerly homeless and medically vulnerable, and haven't had a lot of preventative care. We are here to help low income people understand and access the opportunities available to their insurance under the ACA Medi-Cal expansion, which many people think would typically only be available to people in a higher income bracket.

Sebastian, who qualifies for services under the HACCC project?

The range of clients we serve is ages 19-64 who have Medi-Cal or CenCal. If they are uninsured, we will help them set up an appointment with an enrollment specialist. The majority of clients we work with are residents of the City Housing Authority or other low-income property.

What services are available?

Events and classes, counseling services, referrals to the Holman group for psychiatrists, case management,

a traveling nurse practitioner through SBNB, and home visits with case managers. The Housing Authority is also partnering with DASH to serve high crisis individuals and seniors to provide services for a monthly fee, or free for residents in affordable housing. DASH provides urgent care services in the home on the same or next day. The project connects clients with Doctors Without Walls, the Companion Care program with SB Street Medicine, and Easy Lift provide access to transportation for appointments.

The project recently hosted a health fair at Franklin center. How did that go?

27 community agencies participated and we created over a dozen collaborations from the event. Approximately 140 people from the community completed the event passport, which included visiting 10 different provider booths and participating in one health screening, for Diabetes A1C, Blood pressure, vision, or HepC/HIV.

Hannah, you coordinate group classes and clinics for the community. Who is able to attend those events?

For our health screenings, participants can be anyone over 18. Exercise classes are open to all agencies, ability levels, income or insurance levels. (For information on current offerings, please visit our website at www.sbnbcc.org/hacc)

One of the most exciting things about this project is that the City Housing Authority is bringing so many agencies together in partnership. How is that going?

Social Service agencies and medical

providers are working together in a more holistic way, which also helps us to coordinate care and avoid duplicating services. Having this interconnectedness of the different disciplines is really great because I really think it is in the best interest of the patient or client. We have been able to serve over 1000 people since the program started.

If someone is interested in providing a group clinic or service, who should they contact?
